With so many protection and insurance providers out there, why choose PPS?

Well, we're different because:

- members can apply for assistance from our Discretionary Trust Fund, which in the past has provided:
  - o help with employment issues and disputes
  - o support with contractual and practice issues
  - o additional counselling and mediation
- we want to help members avoid professional difficulties in the first place. So, our Trustees provide tailored CPD events and, when necessary, swift, therapy-specific advice

So why not join an organisation that is here to protect you while you do what you do best - helping your clients.
